

2022 MINORITY LSAT PREP COURSE SCHOLARSHIP PROGRAM

Maynard Cooper & Gale's Annual Minority Scholars LSAT Prep Course is geared to highly motivated minority students who intend to pursue a career in law. Offered in an interactive group setting with approximately 10 students, the class will present proven LSAT strategies and methods covering every skill tested on the June LSAT exam. The course will be provided to qualified students selected by the firm. Acceptance into the program will be based on college GPA, resume, and a personal statement.

The LSAT Prep Course provides complete preparation by KAPLAN test prep instructors and KAPLAN's nationally-recognized review materials. The expert instructors will be teaching through a live virtual classroom, with the opportunity for teacher/student interaction. Participants must commit to attend every live session.

Maynard Cooper will cover the cost for the KAPLAN LSAT Test Prep Course, in addition to providing the classroom facilities and the study materials for each student. The firm will also reimburse students for the LSAT registration fee, contingent on excellent attendance and submission of test scores after taking the LSAT exam.
